

# Friendship Garden

## Supplies:

- Friendship Garden flower template
- Scissors
- Glue sticks
- Writing instruments (pens, pencils, markers, colored pencils, crayons, etc.)
- Construction Paper

## Preparation:

Print a flower template for each person including providers. (colored paper can be used)

Designate a bulletin board or wall space for each group/room to display completed flowers and create your garden.

## Directions:

1. Each person, including providers gets a flower template. Work together as needed to complete each persons flower.
2. Color any part of the flower you would like.
3. Cut out the flower shape.
4. Use construction paper to add a stem and or leaves to your flower.
5. As a group take turns reading your answers to your peers and get to know each other better.
6. Add your completed flower to the group/room flower garden.
7. Review your friends information throughout the month.

# Friendship Garden

Fill in the answers and cut out the flower. Add a stem and leaves if you would like. "Plant" your flower in your groups garden. Read others flowers and get to know your peers better.
